

To Physicians & Physicians

ALL my attention to my  
A PREPARATION OF COMPOUND  
TRACT BUCHU. The component parts are  
BUGHU, LONG LEAF, CUBES, JUNIPER  
BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo.  
Juniper berries, by distillation, to form a fine  
oil. Cubes extracted by displacement with  
spirits obtained from Juniper berries; very  
little sugar is used, and a small proportion of  
spirit. It is more palatable than any now in  
use.

Buchu, as prepared by Druggists, is of a  
dark color. It is a plant that emits its fragrance  
by the action of a flame destroys the  
glutinous decoction. Mine is the color of ingredients.  
The Buchu in my preparation predominates;  
the smallest quantity of the other  
ingredients are added, to prevent fermentation;  
upon inspection, it will be found not to be  
Tincture, as made in Pharmacopoeia, nor is  
it a syrup—and therefore can be used in cases  
where fever or inflammation exists. In this  
you have the knowledge of the ingredients  
and the mode of preparation.

Hoping that you will favor it with a trial,  
and that upon inspection it will meet with  
your approbation. With a feeling of confidence,  
I am, very respectfully,  
H. T. HELMBOLD,  
Chemist and Druggist of 19 years experience.

[From the largest Manufacturing Chemists in  
the World.]

November 4, 1854.  
I am acquainted with Mr. H. T. Helmbold.  
He occupied the Drug Store opposite my residence  
and was successful in conducting the  
business where others had not been equally  
so before him. I have been favorably im-  
pressed with his character and enterprise.

will radically exterminate from the system  
diseases arising from habits of dissipation,  
at little expense, little or no change in diet,  
no inconvenience or exposure; completely re-  
sponding those unpleasant and dangerous  
remedies—Copaiba and Mercury—in all these  
diseases.

Use HELMBOLD'S FLUID EXTRACT BUCHU  
in all diseases of these organs, whether  
existing in Male or Female, from whatever  
cause originating, and no matter of how long  
standing. It is pleasant in taste and odor,  
"immediate" in action, and more strengthen-  
ing than any of the preparations of Bark or  
Iron.

Those suffering from broken down or de-  
licate constitutions, procure the remedy at once.  
The reader must be aware that, however  
slight may be the stock of the above diseases,  
it is certain to affect the bodily health and  
mental powers.

All the above diseases require the aid of a  
Diuretic.
